

Triple Cylinder "C" Yoke Squeezers

Avro offers a diverse selection of rivet squeezers for today's demanding applications. Special jaws or yokes are available upon request. All Avro riveters are available with high output wedges for high force applications. A micrometer style adjustable set holder is available on all rivet squeezers to eliminate the use of shims.

Model Number	Capacity	Force	Reach	G A P	Max Travel	Length	Weight
	Alum / Steel	PSI	Inch / mm		Inch / mm	Inch / m	lbs / kg
10175	1/4" / 3/16"	9000	1.5" / 38.1	1.25"	9/16" / 14.2	18" / 477	8.5 / 3.86
10176	1/4" / 3/16"	9000	2" / 50.8	1.25"	9/16" / 14.2	19-1/4" / 489	9 / 4.10
10177	1/4" / 3/16"	9000	2.5" / 63.5	1.25"	9/16" / 14.27	19-1/2" / 495	9.5 / 4.31
10178	1/4" / 3/16"	9000	3" / 76.2	1.25"	9/16" / 14.27	19-3/4" / 502	10 / 4.54

- Adjustable set holder available for all Yokes. Specify "ADJ". (Example: 10175ADJ)
- 5mm set holders are available upon request. Specify "E". (Example: 10175E)
- Other size + custom yokes available upon request.

General:

- All specifications are rated at 90PSI (6.21 BAR) air pressure.
- Air Inlet 1/4 NPT Standard.
- Use 5/16(8 mm) ID Hose.
